# DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGINEEERING NATIONAL INSTITUTE OF TECHNOLOGY, TIRUCHIRAPPALLI

Name of the	COURSE PL	AN – PART I			
programme and specialization	M-Tech VLSI System	m - 1st year	- 2 Semester		
Course Title	Digital Image Process	sing	Software.		
Course Code	EC615	No. of Credits	Mex Mexibit and C.A.		
Course Code of Pre- requisite subject(s)		No. of Credits	3		
Session	January-April 2020	Section (if, applicable)			
Name of Faculty	Dr. Varun P. Gopi	Department	ECE		
Email	varun@nitt.edu	Telephone No.	+919995114547		
Name of Course Coordinator(s) (if, applicable)	Dr. Varun P. Gopi				
E-mail	varun@nitt.edu	Telephone No.	1010		
Course Type	Core course	Telephone 140.	+919995114547

Understand the need for image transforms different types of image	1,2,3
transforms and their properties  Develop any image processing application	1,2,3
Understand the rapid advances in Machine vision	1,2,3
Learn different techniques employed for the enhancement of images	1,2,3
Learn different causes for image degradation and overview of image restoration techniques.	1,2,3

#### COURSE PLAN - PART II

#### COURSE OVERVIEW

- 1. An introduction to digital image processing fundamentals and image transforms
- 2. Image enhancement both in spatial and frequency domain
- 3. Image restoration techniques
- 4. Error free compression, Lossy and Lossless compression techniques
- 5. Morphological Operations
- 6. Image Segmentation methods in image processing
- 7. Feature extraction and dimensionality reduction techniques

## COURSE TEACHING AND LEARNING ACTIVITIES

COUR		Topic	<b>Mode of Delivery</b>
S.No.	Week/Contact Hours	•	
1	I WEEK 6th to 10th January (3 contact hours)	Elements of Visual perception. Image sensing and Acquisition. Imaging in different bands. Digital Image Representation. Relationship between pixels.	
2	2 WEEK 13 <sup>th</sup> to 17 <sup>th</sup> January (3 contact hours)	Image transformations: 2D-DFT, DCT, DST, Hadamard, Walsh	
3	3WEEK 20 <sup>th</sup> to 24 <sup>th</sup> January (3 contact hours)	Hotelling transformation, 2D-Wavelet transformation, Wavelet packets	C&T, PPT, group discussion, Quizzes assignments
4	4 WEEK 27 <sup>th</sup> to 31 <sup>th</sup> January (3 contact hours)	Image Enhancements in spatial domain and Frequency domain.	
5	5 WEEK 3th to 7th February (3 contact hours)	Image Restoration techniques. Color Image processing.	

6 WEEK 10 <sup>th</sup> to 14 <sup>th</sup> February (3 contact hours)		Oth to 14th February Error free compression: Variable length	
7	7 WEEK 17 <sup>th</sup> to 21 <sup>th</sup> February (3 contact hours)	Bit-plane coding, Lossless predictive coding.	discussion, Quizzes assignments
8	8 WEEK 24 <sup>th</sup> to 28 <sup>th</sup> February (3 contact hours)	Lossy compression: Lossy predictive coding, transform coding, wavelet coding.	
9	9 WEEK  2 <sup>rd</sup> to 6 <sup>th</sup> March (3 contact hours)	Image compression standards (CCITT, JPEG, JPEG 2000) and Video compression standards.	
10	10 WEEK 11 <sup>th</sup> to 12 <sup>th</sup> March (3 contact hours)	Summary of morphological operations in Binary and Gray Images	
11	11 WEEK 16 <sup>th</sup> to 20 <sup>th</sup> March (3 contact hours)	Image segmentation: Point, Line and Edge segmentation. Edge linking and Boundary detection.	800 30 340m
12	12 WEEK 23 <sup>th</sup> to 27 <sup>th</sup> March (3 contact hours)	Segmentation using thresholding, Region based segmentation. Segmentation by morphological watersheds. Use of motion in segmentation.	Catematic of High
13	1" 10 3" April	Feature Extraction from the Image: Boundary descriptors, Regional descriptors, Relational descriptors	or electrical section in the control of the control
14	14 WEEK 7th to 9th April	Dimensionality reduction techniques, Discriminative approach,	DALLES TA
15	15 WEEK 13 <sup>nd</sup> to 17 <sup>th</sup> April (3 contact hours)	The Probabilistic approach for image attern recognition.	Margan A. v.
COURSI		HODS (shall range from 4 to 6)	The same of the sa
.No.	Mode of Assessmen	, mgc 110111 4 (0 0)	

S.No.	Mode of Assessment	Week/Date Duration		
1		WCCK/Date	Duration	% Weightage
1	Assignment 1	4 <sup>th</sup> Week	a statem is seen	5
2	Close book (Descriptive Type Examination)	7 <sup>th</sup> Week	60 Minutes	20
3	Assignment 2	11 <sup>th</sup> Week		20
4	Close book (Descriptive Type	- WOOK	Suren Soft Ing Sin	5
	Examination)	12 <sup>th</sup> Week	60 Minutes	20

CPA	Compensation Assessment*	13 <sup>th</sup> WEEK	60 minutes	Please refer course policy for more details
	Quiz	14 <sup>th</sup> Week	30 Minutes	15
5	Quiz		100 Minutes	35
6	Final Assessment *	15 <sup>th</sup> Week	180 Minutes	

<sup>\*</sup>mandatory; refer to guidelines on page 4

## COURSE EXIT SURVEY (mention the ways in which the feedback about the course shall be assessed)

- 1. The students through class representative may give their feedback at any time which will be duly addressed.
- 2. Feedback from the students through MIS and class committee meetings

## COURSE POLICY (preferred mode of correspondence with students, compensation assessment policy to be specified)

## MODE OF CORRESPONDENCE (email/ phone etc)

All the students are advised to come to the class regularly. All the correspondence (schedule of classes/ schedule of assignment/ course material/ any other information regarding this course) will be intimated in the class as well as in group mail.

## COMPENSATION ASSESSMENT POLICY

If any student who fails to attend assessment 2 or assessment 4 due to any genuine reasons, student is permitted to attend compensation assessment for the weightage of 20 % (Including

#### assessment I & assessment 2 Portions) ATTENDANCE POLICY (A uniform attendance policy as specified below shall be followed)

- > At least 75% attendance in each course is mandatory.
- > A maximum of 10% shall be allowed under On Duty (OD) category.
- > Students with less than 65% of attendance shall be prevented from writing the final assessment and shall be awarded 'V' grade.

## ACADEMIC DISHONESTY & PLAGIARISM

- > Possessing a mobile phone, carrying bits of paper, talking to other students, copying from others during an assessment will be treated as punishable dishonesty.
- > Zero mark to be awarded for the offenders. For copying from another student, both students get the same penalty of zero mark.
- The departmental disciplinary committee including the course faculty member, PAC

chairperson and the HoD, as members shall verify the facts of the malpractice and award the punishment if the student is found guilty. The report shall be submitted to the Academic office.

The above policy against academic dishonesty shall be applicable for all the programmes.

#### ADDITIONAL INFORMATION

The faculty is available for consultation at times as per the intimation given by the faculty

#### FOR APPROVAL

**Course Faculty** 

CC-Chairperson

Guidelines:

a) The number of assessments for a course shall range from 4 to 6.

- b) Every course shall have a final assessment on the entire syllabus with at least 30% weightage.
- c) One compensation assessment for absentees in assessments (other than final assessment) is mandatory. Only genuine cases of absence shall be considered. Details of compensation assessment to be specified by faculty.
- d) The passing minimum shall be as per the regulations.
- e) Attendance policy and the policy on academic dishonesty & plagiarism by students are uniform for all the courses.
- f) Absolute grading policy shall be incorporated if the number of students per course is less than 10.
- g) Necessary care shall be taken to ensure that the course plan is reasonable and is objective.
